

Financial Support

The Financial Secretary and Treasurer work in tandem to administer the financial support of Faith Lutheran Church which is funded exclusively by offerings from members and friends of Faith Lutheran Church.

The Financial Secretary is a two (2) year term position elected by church members at the Annual Meeting. The Financial Secretary is responsible for receiving, counting and recording the contributions of congregational members and provides members with an annual statement of their contributions. This individual selects counters to assist with the accurate accounting of these contributions. We are always looking for additional individuals to help with the counting task so please consider volunteering your God-given talents!

The Treasurer, appointed by the church council, oversees the prompt paying of bills, mission offerings and pledges, and the processing of payroll. The Treasurer is responsible for keeping accurate records, reconciling accounts, and preparing a financial report for church council and the voters assembly.
