### Life Quotes

**June 30<sup>th</sup>** “History, science, and Holy Scripture affirm: No matter what age, every human life has irreducible worth. No matter what appearance, every human life has inestimable purpose. No matter what abilities, every genetic member of this one race and species of ours has incomparable and irreplaceable sanctity—the cute little babies and the dear old ladies, yes; but also those who in pride promote, those who in anger permit, those who in fear participate in the devil's deception that death supplies a suitable solution to difficulty—none so helpless, dependent, and undeserving as we ourselves.”
